**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

In order to have the best telecommunications infrastructure in the world, we need good competition, rather than gaming the market for the big guys. Do the right thing and make sure that a competitive market enables smaller communities to have access to broadband and all of its benefits. We need a variety of providers to serve diverse needs to to make sure we have access to competitive pricing.
